<b>Being a girl, being a boy</b>	<b>16</b>	<b>More active every day</b>	<b>5</b>	<b>The pleasure of physical contact</b>	<b>22</b>
Shaping expectations and ideas	16	Watch out for falls	5	Can I hold your baby?	22
The influence of role models	17	Grabbing things is fun	6		
		Little "mouth explorers"	6	<b>Time and desire for intimacy?</b>	<b>24</b>
<b>Go to sleep, little baby</b>	<b>18</b>	Not exactly appetizing ...	6	A little tenderness for body and soul	26
If sleep won't come	18	Infection risks and hygiene	8		
				<b>Even the cutest baby can test its</b>	
<b>Playing, exploring, discovering</b>	<b>20</b>	<b>All in good time</b>	<b>11</b>	<b>parents' patience</b>	<b>27</b>
Few but versatile toys	20	Of big and small differences	11	When you (almost) snap	27
Your home as playground	23	Every child is different	11	Should you discipline a baby?	29
Parents' groups and baby playgroups	23	Uneasy feelings	12		
What should the first toys look like?	23			<b>By the way ...</b>	<b>30</b>
		<b>Eating does more than satisfy hunger</b>	<b>14</b>	Kicking the night away	30
<b>Conversations with your child</b>	<b>24</b>	Transitioning from sucking to eating	14	Avoid imbalanced pressure on the joints	30
Growing up bilingually	24			Baby swimming	30
		<b>Detachable insert: Your child's</b>			
<b>By the way ...</b>	<b>26</b>	<b>nutrition during the first year of life</b>			
Going on a trip	26	First attempts at solid food	17		
Tip: Family vacation at Pro Juventute's		First attempts at solid food with twins	17		
family oasis Chesa Spuondas	26	Puréed fruits and vegetables	17		
Car safety	27	Should you keep nursing?	19		
Supplementing the milk diet	27	Baby-led weaning	19		
Preventative healthcare	27	Tips on switching to a spoon	19		
		Tips on nutrition	21		

## 06 | Your child's sixth month

### **There is no such thing as the perfect parent**

Everyone knows exactly what parents should do

### **Illness and feeling unwell are a part of life**

Fever and other symptoms of illness	7
A sick child and working parents	7
Colds	8
Baby-pharmacy	8
On dealing with sick children	10
The first tooth	10
If a hospital stay is necessary	11
All about teeth	12

### **Returning to work**

Dividing parenting duties	13
Broadening your relationship network	13
Dependable caregivers	14
Planning your family's daily routine	14
Finding a rhythm together	14
Feeling overwhelmed	16
Making family a priority	16
Planning everyday routines and time periods	16

### **By the way ...**

Movement recommendations for infants	18
Physical activity after pregnancy	18
Babies do not yet need any screen-based media	19

### **18 Understanding the world**

Being all ears	5
First adventures	5

### **19 Getting ready to crawl**

Turning and crawling	7
First play rules within your own four walls	8
Hazard-free crawling	9
Baby playgroups	11
Crawling children and play yards	13

### **Familiar and unfamiliar things**

How to counter hostility toward children	14
--	----

### **Children who need special support**

Get help!	18
Openness and tolerance	20

## 08 | Your child's eighth month

<b>By the way ...</b>	<b>22</b>
Sitting pretty (and safely) on the high chair	22
How many meals a day?	22
Expanding the menu	22
<b>Rights of the Child: The child within the family</b>	<b>24</b>
Children need reliable caregivers	24
Parenthood changes throughout the course of childhood	24
The significance of the family	26
Children are autonomous members of the family	26
Children have rights	27

<b>Childhood is precious</b>	<b>22</b>
Alone with your child	22
Many things are easier together	22
<b>A close bond provides security</b>	<b>22</b>
Separation fears and stranger anxiety	22
Little people need respect, too	24
Stranger anxiety and childcare	26
<b>Playing and talking</b>	<b>26</b>
New noises and sounds	26
Cryptophasia or “twin speak”	27
Nursery rhymes and songs	27
<b>On falling asleep and sleeping through the night</b>	<b>17</b>
The bedtime ritual	17
Waking up at night	18
How to get twins to fall asleep and sleep through the night	18
Does your child still need something to drink at night?	18
Daytime naps and nighttime sleep	21
<b>By the way ...</b>	<b>23</b>
Baby walkers are dangerous	23
Fresh air in the nursery	23

## 09 | Your child's ninth month

<b>Always exploring</b>	<b>4</b>
Independence and separation anxiety	4
Peekaboo — or the ability to remember	6
Independence promotes self-confidence	6
<b>Permitting and restricting</b>	<b>8</b>
Granting lots of freedom	8
Saying no — when and how?	11
Patience, patience, patience	13
A word about hitting	13
Speaking together, learning together, being together	14

## 10 | Your child's tenth month

<b>Your child is sick — what should you do?</b>	<b>16</b>
Fever	16
Tips on caring for a sick child	18
What you should also know	19
<b>By the way ...</b>	<b>22</b>
Protection from the sun	22
Dogs and cats are not toys	23

<b>Self-confidence and self-assurance</b>	<b>4</b>
<b>Joint mealtimes</b>	<b>6</b>
A relaxed family table	6
Too much or not enough?	6
Making eating fun	8
From the bottle to the cup	10
Practical advice on nutrition	12
<b>Language — the bridge between people</b>	<b>13</b>
Effortlessly learning to speak	14
All in good time	14
<b>Flexibility is called for</b>	<b>17</b>
Setting priorities	18
Downtime is necessary, too	18
<b>By the way ...</b>	<b>20</b>
Emergencies	20
Burns and scalds	20
Poisoning and chemical burns	21
Choking	22
Precautions	22
Insect stings	22
Dental accidents	22

## 11 | Your child's eleventh month

<b>Conflicts with your partner</b>	4
From a couple to a family of three	6
Children and parental conflicts	7
Differences of opinion on parenting issues	9
Sometimes outside help is necessary	10
<b>Don't rush the first steps</b>	11
Seeking and offering support	11
Walking without "baby walkers"	13
<b>Sleep requirements are changing</b>	14
Sleep times can be altered	14
After an illness	14
A "lovey" helps in many life situations	16
Nightly unrest	16

## 12 | Your child's twelfth month

<b>18 Playing — much more than child's play</b>	4
18 Filling things up, taking things out, squirting and splashing, rustling and crackling	4
20 Observing, imitating, and participating	4
Playthings or things to play with	5
Toys for the beginning of the second year of life	6
Less is more	9
Attention span while playing	9
Noise or music — that is the question!	11
Nursery and play corner	11
<b>Children among themselves</b>	13
What if there's fighting?	13
<b>Twins and multiples</b>	15
So similar and yet so different	15
Twins and multiples among themselves	18
Games and toys for twins	18
Make it possible for them to have their own experiences	18

## 13 | Your child is one year old

<b>If the partner is absent</b>	<b>19</b>	<b>A running start into the new year</b>	<b>4</b>
What about the other parent?	21	First steps?	4
		Holding on and letting go	7
<b>The role of today's grandparents</b>	<b>22</b>	<b>Developing their own will</b>	<b>10</b>
Grandparents can be like this or that	22	I want!	10
Differing opinions and beliefs	22	I don't want to!	12
A section especially for grandparents	22	Testing limits	12
When grandparents are also caregivers or foster parents	24	Eating like grownups	13
		Spanking is not a parenting technique	14
		Yes and no in parenting	15
<b>Rights of the Child:</b>		<b>First words</b>	<b>16</b>
<b>The right to life and full development</b>	<b>28</b>	From imitation to dialogue	16
Requirements for a full development	28	Wordsmiths and others	18
Development through learning	28	Growing up bilingually	18
The right to play	30		
Children have rights	31	<b>Another tooth</b>	<b>20</b>
		Still breastfeeding?	20
		Bottles and pacifiers	23

# Pro Juventute's Letters to Parents — your expert companion from birth to the beginning of school

These practical guides for parents contain tips and suggestions that are specifically tailored to the age and developmental stage of the child. With information composed by a team of experts, these letters center on topics such as care and hygiene, nutrition, development, child rearing, as well as the role of the mother and father, relationship issues, and family-supplementing childcare. Pro Juventute's Letters to Parents cover the first six years of your child's life. In many communities and institutions, these letters are presented to new parents free of charge. They can also be ordered directly from Pro Juventute.

**Pro Juventute's Letters to Parents are produced by Pro Juventute with technical input from the following specialists:**

**Carmen Amrein**, Early childhood educator and director of a daycare center | **Marianne Botta Diener**, Dipl. Food Engineer ETH and Dipl. Teacher ETH | **Sepp Holtz**, MD, Pediatrician with his own practice, Senior Physician in the Department for Developmental Pediatrics at University Children's Hospital Zurich | **Aja Schinzel**, Mothers' and Fathers' Counselor HFD | **Heidi Simoni**, PhD, Psychologist specializing in psychotherapy FSP, Director of Practical Research at the Marie Meierhofer Institute for the Child
